*Contributors may only claim $10,000 in total Attainable Homeownership Tax Credits in any one calendar year. If contributor donates to multiple organizations and their total donations are more than $20,000, the above credit on line 3 may not be honored. It is the responsibility of the contributor to track their donations and their total expected tax credits; Habitat is only responsible for tracking the credits for the donations it receives directly.

Example Computation: Line 1) $30,000 Contribution to Habitat
Line 2) $30,000 x 0.5 =$15,000,
Line 3) $10,000 is less than $15,000 so the maximum credit that can be processed is $10,000.

If a contributor's expected credit is denied by the Indiana Department of Revenue, then the contributor should contact taxcredit@habitatindiana.org to ensure the donation and contact information were correctly reported; an incorrect SSN or certification number are the most common mistakes that causes denied credits.

**If designated county isn't served by a local affiliate, then the donation will support Indiana Habitat's statewide building program.
